

EUSIPCO 2018

26th European Signal Processing Conference

Rome, Italy
September 3-7, 2018

General Chair

Patrizio Campisi

Roma Tre University, Italy

General co-Chair

Josef Kittler

University of Surrey, UK

Technical co-Chairs

Sergio Barbarossa

Sapienza University of Rome, Italy

Augusto Sarti

Polytechnic University of Milan, Italy

Plenary Talks

Lajos Hanzo

University of Southampton, UK

Enrico Magli

Polytechnic University of Turin, Italy

Special Sessions

Paulo Lobato Correia

IST Lisbon, Portugal

Andreas Uhl

Salzburg University, Austria

Tutorials and Demo

Bulent Sankur

Bogazici University, Turkey

Marco Carli

Roma Tre University, Italy

Moncef Gabbouj

Tampere Univ. of Tech., Finland

Student Activities Chair

Juan R. Troncoso Pastoriza

EPFL, Switzerland

Publications Chair

Emanuele Maiorana

Roma Tre University, Italy

Finance Chair

Francesco De Natale

University of Trento, Italy

Publicity Chairs

Carmen Garcia Mateo

University of Vigo, Spain

Stefania Colonnese

Sapienza University of Rome, Italy

Social Media Chair

Gabriel Emile Hine

Roma Tre University, Italy

International Liaison

Ajay Kumar

PolyU, Hong Kong

Shantanu Rane

PARC, USA

The 26th European Signal Processing Conference (EUSIPCO) will be held in Rome, the Eternal City, in Italy from September 3 to September 7, 2018. The flagship conference of the European Association for Signal Processing (EURASIP) will offer a comprehensive technical program addressing all the latest developments in research and technology for signal processing and its applications. It will feature world-class speakers, oral and poster sessions, keynotes and plenaries, exhibitions, demonstrations, tutorials, demo and ongoing work sessions and satellite workshops, and is expected to attract many leading researchers and industry figures from all over the world.

Technical Scope

We invite the submission of original, unpublished technical papers on topics including but not limited to:

- Audio and acoustic signal processing
- Speech and language processing
- Image and video processing
- Multimedia signal processing
- Signal processing theory and methods
- Sensor array and multichannel signal processing
- Signal processing for communications
- Radar and sonar signal processing
- Signal processing over graphs and networks
- Nonlinear signal processing
- Optimization methods
- Machine learning
- Statistical signal processing
- Compressed sensing and sparse modeling
- Bio-medical image and signal processing
- Signal processing for computer vision and robotics
- Computational imaging/Spectral imaging
- Information forensics and security
- Signal processing for power systems
- Signal processing for education
- Bioinformatics and genomics
- Signal processing for big data
- Signal processing for the internet of things
- Design/implementation of signal processing systems
- Other signal processing areas

Important dates

- Special Session proposals: **11 December 2017**
- Tutorial proposals: **14 January 2018**
- Satellite Workshop proposals: **21 January 2018**
- Full paper submissions: **18 February 2018**
- Notification of paper acceptance: **18 May 2018**
- Camera-ready papers: **15 June 2018**

Full details about the conference are available at
